

## Humber Community School Combos

Beaches International Jazz Festival Youth Initiatives is proud to present Jazz Combos from the Humber Community Music School.

The students performing at this year's Beaches Jazz Festival have recently won a number of national awards and are likely to become the next generation of Canadian jazz artists.

The students range in age from 13-18. They have all recently participated in Musicfest Canada National Festival - Jazz Division where they won several Gold Awards and numerous individual national awards.

The Community Music School is an outreach program for children and youth offered through Humber's School of Creative and Performing Arts at the Lakeshore Campus.

The School's Youth Jazz Courses provide students with the opportunity to develop and further their skills in the area of small group jazz performance. Private lessons and combo classes are available for both the beginning level and the more advanced jazz student. The School has established a national reputation for quality programming and has garnered international acclaim for excellence and innovation, particularly in the field of Youth Jazz education.
